## During Wedding Photos!

Many wedding planners ignore this obvious problem!  
While the bridal party is away taking photos, make sure your guests back at the venue are not neglected!

Close up magic is the perfect solution at this important and overlooked moment.

## During The Reception

Mr. Eman can perform table to table during the reception and dinner, minimizing waiting times.

In large weddings, there is a big gap between when the first and last table gets served their food.

The magician goes from table to table making sure everyone is entertained while they wait.

The magician becomes a social lubricator; an entertaining host who ensures that everything is running smoothly.

*"Surprise your guests by keeping them engaged"*

Awkward conversations will only get you so far.  
A wedding magician eases the tension and brings everyone together through laughter and amazement.

A safer alternative to alcohol, and cheaper too!

## NOT JUST FOR KIDS

This family was fasting and couldn't take part in the buffet dinner. Fortunately, a wedding magician was hired to come save the day!

*"If it wasn't for your entertainment, we'd still be staring at the wall."*

### THE PERFECT ICE BREAKER

Close up Magic is the perfect ice breaker at the reception, where extended family members are meeting for the first time.

Mr.Eman will create a memorable and cheerful atmosphere between the guests while the newlyweds are away and busy with the bridal party.

There's a misconception that magic is only for children.

Mr.Eman's magic caters to adults, although it is still appropriate for kids.

Although magic does tend to momentarily transform grown adults into kids.

"Thank you so much for amazing our guests with your tricks and talents, making our wedding exceptional, unique and entertaining!"

- Bronson & Nicole

"[Mr Eman] was there when Phil and I got together. A dime curled up in our hands while we held them together. I kept that dime, and it's a part of our family history. We are now married and have a child. Thanks for such a romantic story. I will never forget that."
